Omar Javier Silva R.

Chief of Publications, ASOCRETO

Administrative Manager, ACI Colombia

osilva@asocreto.org.co

Philadelphia, Oct. 23th, 2016

Las informaciones y conceptos expresados en esta conferencia se hacen con el propósito de divulgar e informar de manera general sobre los temas relacionados con el concreto.

ASOCRETO no es ni pretende ser asesor de proyectos específicos. Cualquier duda en relación con obras específicas debe ser consultada por el interesado con los diseñadores e interventores de la respectiva obra.

El uso que se haga de las informaciones y conceptos aquí expresados no conllevan responsabilidad alguna para ASOCRETO ni para los conferencistas, ya que debe ser utilizada por personas idóneas bajo su responsabilidad y criterio. Esta información no sustituye las funciones y obligaciones de las personas contractualmente responsables de la concepción, ejecución y vigilancia de los respectivos proyectos. Los conceptos expresados no son asesoría para una obra en particular.

Ninguna parte de esta conferencia puede ser reproducida, almacenada en sistema recuperable o transmitida en ninguna forma por medio magnético, mecánico, fotocopia, grabación u otros, sin previa autorización escrita de ASOCRETO.

ABOUT ASOCRETO

- Colombian Ready Mixed Concrete Producers Association.
- It was founded in 1985 to promote the good use of ready mixed concrete, and promote new technologies.

THE ACI EXCELLENCE IN CONCRETE CONSTRUCTION AWARDS

These Awards will celebrate innovation and inspire excellence throughout the global concrete design and construction community.

PUBLICATIONS

Construction, inspection and technical supervision of structural concrete buildings

Author: Eng. Harold A. Muñoz

Content:

Part I. Construction of concrete structures.

Part II. Inspection of the construction of concrete structures.

Part III. Technical Supervision of the construction of concrete structures.

Part IV. Technical specifications.

Part V. Technical supervision and field quality control formats.

PUBLICATIONS

This book was the winner of the “Diódoro Sánchez Award” in 2016, given by the Colombian Society of Engineers.

“We highlight the variety of topics discussed related to the proper construction of concrete structures, which makes it alone in Colombia and constitutes a guide for professionals working in the areas of structural design”
