

Concrete Institute of Australia

Updates from Down Under!

Presented by:

Mr Michael van Koeeverden

President, Concrete Institute of Australia

ACI International Forum

ACI Fall 2016 Convention, Philadelphia

Nth QLD

Tassie Devil- TAS

Whale Shark- WA

Fraser Island-QLD

Great Ocean Rd- Vic/SA

Uluru -NT

Sydney-NSW

Barrier Reef- QLD

About Us

The Concrete Institute of Australia

- Started in 1970 – 46 years young this year!
- Over 3000 Members
- Board, Council and 6 State Chapters
- Strategic Committees – Membership, Technical, Standards, Education, Recognition, International, Journal, Planning
- Journal – “Concrete in Australia”, distributed quarterly to 6000+ people
- 2016 – 80+ events, > 3,900 delegates
- 28th Conference “Concrete 2017 – Advances in Materials and Structures”
- Our vision – Excellence in Concrete

CIA and ACI

- International agreement since 2003
- Over 200 ACI Members in Australia
- ACI publications and resources well recognised in Australia
- Number of CIA Members are:
 - Members of ACI
 - Fellows of ACI
 - Voting members of technical committees
- Potential for CIA to:
 - Facilitate closer technical liaison with ACI
 - Support ACI activities in Australia

American Concrete Institute
Always advancing

Why Does Concrete Do the Things It Does?

Professor Ken Hover

June & July 2016, Australia

Areas of Current Interest

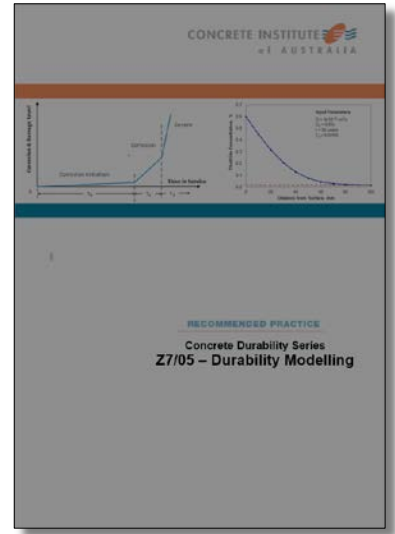

- Supplementary materials in cement
- SCM's
- Geopolymers
- Ultra high performance concrete
- Early Age Cracking
- Fibres in concrete
- Design of tall buildings
- Sustainability
- Life Cycle Analysis
- Serviceability
- Durability rationalisation
- Durability modelling
- Durability testing
- Fire design for concrete
- Seismic design for concrete
- Wind design for concrete
- Failure modes/risk analysis
- 3D concrete printing
- Specification – performance v prescription

New Recommended Practice Series

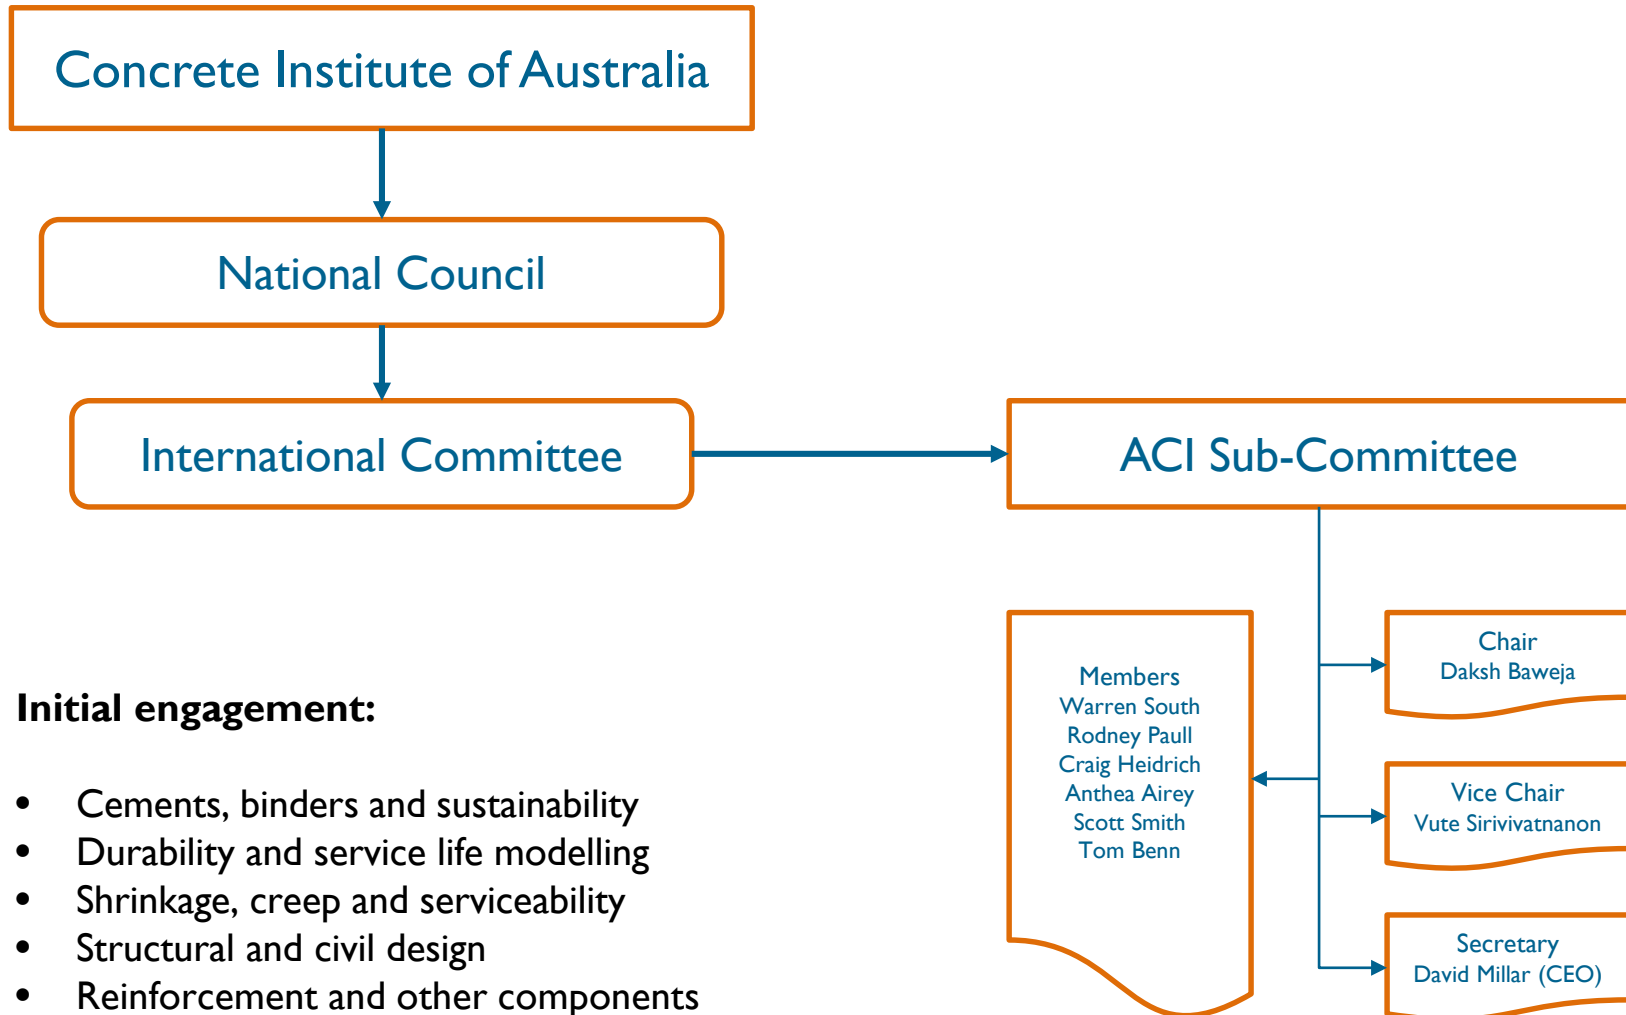

New Recommended Practice Series

- Specification – performance v prescription

CIA ACI Sub Committee

Initial engagement:

- Cements, binders and sustainability
- Durability and service life modelling
- Shrinkage, creep and serviceability
- Structural and civil design
- Reinforcement and other components

ACI Technical Committees

- Durability
 - ACI 201, ACI 365, ACI 222
- Cements, Binders, Sustainability
 - ACI 232, ACI 233, ACI 234, ACI 235, ACI 130, ACI 212
- Shrinkage, Creep and Serviceability
 - ACI 231, ACI 209
- Structural and Civil Design
 - ACI 318, ACI 506, ACI 305
- Reinforcement and other Components
 - ACI 440, ACI 221, ACI 544

CONCRETE 2017

Advances in Concrete Materials and Structures
22 - 25 October 2017 | Adelaide, South Australia
